SUMMARY

Detail-oriented professional with hands-on training in Automation Anywhere, SQL, and Python. Skilled in building automation workflows and understanding business processes through academic and project-based learning, including finance-related automation. Strong foundation in databases, scripting, and problem-solving, focused on delivering efficient and scalable solutions.

EDUCATION

Bachelor of Computer Applications

2021 – 2024 | Bhavnagar

MKBU University

CGPA : 6.7

Master in Information Technology (Msc.IT)

2024 – 2026 | Vallabh Vidyanagar Anand

CVM University

CGPA (First Year) : 9.06

PROJECTS

Quickseats

12/2024 – 03/2024

QuickSeats is an integrated ticket booking platform that allows users to book bus, train, and flight tickets through a single web portal. The system simplifies travel planning by offering a centralized solution to check availability, compare fares, and make secure bookings across all transport modes.

AR Finance Portal

01/2026 – 03/2026

AR Finance Portal is an automation-based project for managing invoices and payment tracking. It uses RPA and Document Automation to process invoice data, reduce manual work, and improve accuracy. The system is built with React, Node.js and Python for backend processing, and MongoDB for data storage. Overall, it helps streamline financial operations and increase efficiency.

INTERNSHIP

RPA Trainee

12/2025 – 04/2026 | Vadodara

Currently i am doing an internship on Automation Anywhere at Tecnoprism Pvt Ltd, focusing on Robotics Process Automation (RPA) and Document Automation (DA). Gaining hands-on experience in building automation workflows, processing documents, and improving business processes by reducing manual effort and increasing efficiency. Also contributing to projects like the AR Finance Portal.

SKILLS

Python • Automation Anywhere • Database • Web Developement
